DENZA Z9GT

Elegance in Motion

Diverse. Elegant. Novel. Zenith. Aspirational.

Born from a vision to redefine modern luxury mobility, DENZA brings together refined design, intelligent technology and a deep understanding of what truly exceptional mobility means. With a philosophy rooted in innovation and craftsmanship, DENZA creates vehicles that go beyond and deliver a distinctive experience for those who expect more from every journey. The result is a new expression of luxury: progressive, sophisticated and designed around the people who experience it.

An Iconic Partnership

The charisma of Daniel Craig meets the refined elegance of the contemporary luxury.

The Shooting Brake: Design That Transcends Conventions

A sculpted Shooting Brake design that brings together sporting character and refined elegance for the Z9GT

Elegance in Motion

DENZA
Z9GT

Our Most Advanced Luxury Grand Tourer

The DENZA Z9GT, the brand's flagship Grand Tourer, redefines what a GT can be.

Guided by the philosophy of "Technology Drives Elegance," the Z9GT seamlessly integrates cutting-edge engineering, exhilarating performance and refined luxury into one sophisticated package. Every detail is deliberate. Genuine leather and real wood trim wrap the cabin in quiet, uncompromising craftsmanship, while beneath the surface lies the soul of a supercar, ready to launch to 100 km/h in under three seconds. This is grand touring at its most elevated: raw power, exceptional luxury, and total command, delivered with effortless elegance.

NEDC RANGE	ACCELERATION	MAX TORQUE
670	**2.7s**	**1,210**
KM	0-100 km/h	Nm

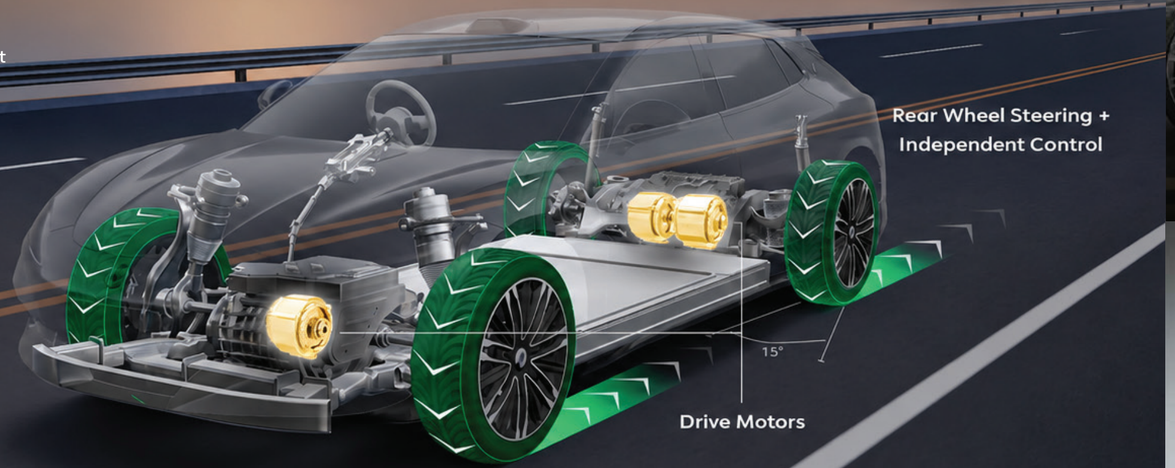

Power,
Refined into Elegance

At the heart of the DENZA Z9GT flagship lies a tri-motor system delivering 850 kW. Yet for all its power, the cabin remains composed. It's a sanctuary that shields you from the intensity outside, while the road disappears beneath you in seconds.

Elegance Through Innovation

The advanced e³ Platform, 2nd-Gen Blade Battery and Cell-to-Body technology deliver enhanced safety, rigidity and dynamics.

Three electric motors and intelligent AWD enable Crab Walk, Pencil compass turn and e³ Parking Assist.

DiSus-A Intelligent Air Suspension

DiSus-A Dual Chamber Air Suspension automatically adjusts ride height and damping, giving smoother comfort, better stability, and confident control on all road conditions.

Max 8.5° Crab Walk Mode

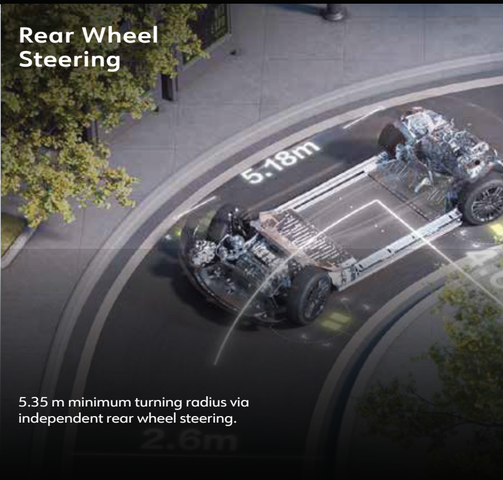

Imagine entering a tight parking space, instead of making multiple forward and reverse corrections, this can shift sideways, helping position the vehicle more easily and confidently.

360° Pencil Compass Turn

Pencil compass turn allows the DENZA Z9GT to rotate in a very tight space by coordinating all-wheel steering and torque control, making U-turns and parking significantly easier.

Rear Wheel Steering

5.35 m minimum turning radius via independent rear wheel steering.

The Golden Ratio Proportions

With a wheel-to-axle ratio of over 3:1 and a wheel-to-height ratio of > 1/2, the DENZA Z9GT achieves a sleek, elongated silhouette that expresses balance, presence, and dynamic elegance. This choice shifts the visual center of gravity rearward, generating a low-slung, highly dynamic stance.

Exterior Elegance, Redefined

From soft close doors and distinctive dual line lighting to the sculpted dual tail wing and meteor welcome light, every detail of the DENZA Z9GT reflects a seamless blend of modern luxury, precision and sophistication.

Soft Closing Door

Dual Line Front Light

Where every Detail Speaks

Precision, presence and purpose in every element.

Elegance,
Designed for Comfort

The cabin is spacious, built for presence. Wood panels bring warmth to every surface. Leather seats offer quiet, lasting comfort. A velvet rooftop completes the space with understated refinement. This is elegance, without excess.

DENZA Z9GT Specifications

Item	
Dimensions	
Overall length (mm)	5,180
Overall width (mm)	1,990
Overall height (mm)	1,490
Wheelbase (mm)	3,125
Trunk volume (L)	495
Seating capacity	5
Driving System	
Driving type	Pure electric four-wheel drive
Motor type	Front：AC asynchronous motor Rear：Permanent magnet synchronous motor
Maximum power (kW)	Front：230kW Rear：310kW*2
Maximum torque (N.m)	Front：410N.m Rear：400N.m*2
Performance	
Acceleration 0-100km/h (s)	2.7
Driving range: NEDC (km)	670
Minimum turning radius(m)	5.35
Top speed (km/h)	270
Battery	
Battery type	BYD 2nd Gen Blade Battery
Battery capacity (kWh)	122.49
Suspension	
Front suspension	Double wishbone Disus-A
Rear suspension	Multi-Links Disus-A
Brake	
Front	Drilled Brake Discs
Rear	Drilled Brake Discs
Tyre	
Wheel type	Multi-spoke alloy wheels & silent tires
Tyre brand	Pirelli
Front tyre size	255/45R20 108Y
Rear tyre size	275/40R20 109Y
New Energy	
11kW AC charging port	•
11kW charging box	•
V2L function	•
Regenerative braking	•
Driving Function	
Driving mode(sport, normal, eco, racing, snow)	•
e³ function (Crab Walk, Pencil Compass Turn)	•
Exterior	
Panoramic glass sunroof with electric slide	•
